

Woolgoolga to Wells Crossing

Upgrading the Pacific Highway

PREFERRED ROUTE REPORT

AUGUST 2006

Roads and Traffic Authority

**Pacific Highway Upgrade -
Woolgoolga to Wells Crossing**

Preferred Route Report

August 2006

ISBN 1920907882

Contents

Executive Summary	i
Glossary of Terms and Abbreviations	xviii
1. Introduction	1
1.1 The Pacific Highway Upgrade Program	1
1.2 Project Overview	1
1.3 Report Purpose and Structure	4
1.4 Study Area for the Project	4
1.5 Overview of Project Methodology	5
2. Project Development – Requirements and Methodology	6
2.1 Project Details	6
2.2 Project Objectives	6
2.3 Design Requirements	7
3. Study Area Characteristics	11
3.1 Local Community	11
3.2 Existing Highway Corridor and Alignment	14
3.3 Traffic and Transport Characteristics	17
3.4 Land Use	24
3.5 Heritage	27
3.6 Visual Amenity	30
3.7 Noise	31
3.8 Ecology	31
3.9 Topography, Geology and Soils	50
3.10 Geotechnical Issues	56
3.11 Hydrology and Flooding	57
3.12 Public Utilities	60
4. Context for the Project	62
4.1 Planning Context	62
4.2 Transport Context	69
4.3 Adjoining Projects	71
4.4 Need for the Project	71
4.5 Upgrading Scenarios	73

5.	The Route options	75
5.1	Description of the Route Options	75
5.2	How Were the Options Developed?	75
5.3	Summary of Characteristics of Route Options	86
6.	Outcomes of the Public Display	97
6.1	Introduction	97
6.2	Activities Associated with the Route Options Public Display	97
6.3	Overview of Issues	101
6.4	Route Preferences Expressed by the Community	115
7.	Value Management Workshop	119
7.1	Introduction	119
7.2	Route Option Assessment	119
7.3	Summary of Assessment Results	121
7.4	Issues Raised at the Value Management Workshop	122
7.5	Refined Orange Option	124
8.	Project Team Route Selection Workshop	128
8.1	Introduction	128
8.2	Key Principles	128
8.3	Assessment Criteria	128
8.4	Assumptions	130
8.5	Scoring and Ranking Process	130
8.6	Summary of Recommendations	131
9.	The Preferred Route	133
9.1	The Preferred Route Corridor	133
9.2	Reasons why the Preferred Route was Selected	137
9.3	Description of the Preferred Route	139
9.4	Summary of Characteristics of the Preferred Route	142
9.5	Potential Impacts of the Preferred Route	156
9.6	Strategic Cost Estimates	184
10.	The Next Steps	191
10.1	Woolgoolga to Wells Crossing Upgrade	191
11.	Bibliography	193

Table Index

Summary of Route Options placed on Public Display	ix
The Preferred Route	xiii
Strategic Cost Estimates for the Preferred Route	xvii
Table 2.1 Minimum Carriageway Configuration	9
Table 3.1 Existing Bridge Width and Load Conditions	16
Table 3.2 Accesses Along Pacific Highway	17
Table 3.3 Highway Traffic Volumes and Level of Service (2004)	18
Table 3.4 Matched Number Plates – Total Traffic	19
Table 3.5 Threatened Flora Species With Potential to be Present Within the Study Area	39
Table 3.6 Threatened Fauna Species With Potential to be Present Within the Study Area	42
Table 3.7 Flooding Characteristics at Existing Bridges	58
Table 3.8 Flood Immunity Works for Existing Highway at Corindi River / Blackadder Gully Floodplain	58
Table 4.1 LEPs Applicable to the Study Area	63
Table 4.2 Strategic Planning	67
Table 4.3 Transport Planning	68
Table 4.4 Predicted Traffic and Level of Service Summary 2016 and 2036	69
Table 4.5 Upgrade Timing	72
Table 5.1 Project Sections	75
Table 5.2 Characteristics of all Route Options – Section A	87
Table 5.3 Characteristics of all route options – Section B	89
Table 5.4 Characteristics of all Route Options – Section C	91
Table 5.5 Characteristics of all Route Options – Section D	93
Table 5.6 Characteristics of all Route Options – Section E	95
Table 6.1 Feedback from Statutory Agencies	106
Table 7.1 VMW Assessment Criteria - Functional Category	120
Table 7.2 VMW Assessment Criteria - Social and Economic Category	120
Table 7.3 VMW Assessment Criteria - Natural and Cultural Environment Category	120
Table 7.4 VMW Ranking of Route Options - Section B	121
Table 7.5 VMW Ranking of Route Options - Section C	121
Table 7.6 VMW Ranking of Route Options - Section E	122
Table 7.7 Issues Raised at the VMW with Responses	123
Table 8.1 Project Team Assessment Criteria – Functional	129
Table 8.2 Project Team Assessment Criteria – Community	129
Table 8.3 Project Team Assessment Criteria – Environment	130

Table 8.4	Project Team Ranking of Route Options – Section B	131
Table 8.5	Project Team Ranking of Route Options – Section C	131
Table 8.6	Project Team Ranking of Route Options – Section E	131
Table 9.1	Preferred Route Corridor	133
Table 9.2	Characteristics of Preferred Route – All Sections	153
Table 9.3	Comparative Scope Definition of each Section of the Preferred Route for the Class A Upgrade Scenario	185
Table 9.4	Comparative Scope Definition of each Section of the Preferred Route for the Class M Upgrade Scenario	186
Table 9.5	Class A Strategic Cost Estimate for the Preferred Route	188
Table 9.6	Class M Strategic Cost Estimate for the Preferred Route	189
Table 9.7	Strategic Cost Estimate Summary for the Preferred Route	190

Figure Index

Figure 1.1	State Map	2
Figure 1.2	Study Area	3
Figure 2.1	Typical Cross Section	8
Figure 3.1	Estimated Interstate Freight Movements (2002 – Million Tonnes Per Annum)	21
Figure 3.2	Estimate Interstate Freight Movements 2026 (Low Rail Share – Million Tonnes Per Annum)	21
Figure 3.3	Estimate Interstate Freight Movements 2026 (High Rail Share – Million Tonnes Per Annum)	22
Figure 3.4	Crash Rate Per 100 Million Vehicle Kilometres	23
Figure 3.5	Crash Locations	25
Figure 3.6	Existing Land Use	26
Figure 3.7	Indigenous Heritage Sites	28
Figure 3.8	Ecological Characteristics – Terrestrial Flora	34
Figure 3.9	Legend for Ecological Characteristics – Terrestrial Flora	35
Figure 3.10	Ecological Characteristics – Terrestrial Flora	36
Figure 3.11	Endangered Ecological Communities	37
Figure 3.12	Ecological Characteristics – Terrestrial Fauna	45
Figure 3.13	Legend for Ecological Characteristics – Terrestrial Fauna	46
Figure 3.14	Ecological Characteristics – Aquatic	49
Figure 3.15	Topography	52
Figure 3.16	Soft Soils	54
Figure 3.17	Acid Sulphate Soils	55
Figure 3.18	Watercourses and Water Storage Facilities	59

Figure 3.19	Public Utilities	61
Figure 4.1	LGA / LEP Boundaries	64
Figure 5.1	Route Options	79
Figure 6.1	Which Route Best Addresses the Issues?	115
Figure 6.2	Preferred Option By Locality of Residence	117
Figure 6.3	Key Issues to be Considered in the Selection of the Preferred Route	118
Figure 7.1	Refined Orange Option	125
Figure 9.1	Preferred Route	134
Figure 9.2	Preferred Route - Section A	143
Figure 9.3	Preferred Route - Section B	145
Figure 9.4	Preferred Route - Section C	147
Figure 9.5	Preferred Route - Section D	149
Figure 9.6	Preferred Route - Section E	151
Figure 10.1	Option Development Process and the Next Steps	192
